## STUDENT OPERA SCORES HIT

"Belle of Barnstapole" a Triumph and Nets Red Cross Fine Sum.

They came, We saw, They conquered. So should the old axiom be recorded to fit the triumph achieved by the talented Sonoma High School students in their musical offering, "The Belle of Barnstapole" presented Tuesday night for the benefit of the Red Cross.

The trials and tribulations of the love-sick mate, artist and tars which kindly Bill Salt tried to straighten out through intercession with the haughty Julia and the pensive Nance made an interesting story full of charm and humor.

The large and appreciative audience packed Union Hall to capacity and was not slow to recognize musical genius and well trained choruses in the ambitious offering.

The young ladies of the cast were pretty and sang sweet and true which is a decided compliment to

young vocalists.

The comedy parts were in good hands. Myrl Bish as Bill Salt proving to be not only a clever comedian but an excellent bass singer.

Frank Canevari, Don Bluxome and Steve During were all good in their parts. Major Phillips was an irresistible Joe Stout and Harry Schneidkamp, a temperamental artist.

The choruses of twenty fine voices blended beautifully and were exceptionally well trained, a credit to Miss Emily Poppe, the musical coach.

Some of the song hits of the operetta were "I love to Stroll," "The Pirate Bold," "A Mermaid Fair," "The Sun is Shining in the Sky," "Flower Song," "Life is Full of Ups and Downs," "Ho Mariner of Barnstapole," Etc.

Over \$104 have been reported so far from the sale of seats.

Mrs. Mamie Delph has accepted a position in Hotz store.

The Rebekah's initiated several new members Thursday night and had a fine evening of sociability in the Lodge rooms later.

A warrant is out for Bruce Wetherhead whom W. Chester of the Sonoma Valley Water, Light and Power Co. accuses of getting away with a tank.

## This is The Day of Big Benefit Market & Auction for Red Cross

Parade to Start On Arrival of Trains. Market Opens at 9 a. m. Naval Band Plays Today and at Military Ball Here Tonight. Baseball at Boyes Tomorrow

This is the day of the great benefit Sonoma Valley has arranged for the local chapter of the Red Cross and all is in readiness for the gala affair which will take place on the plaza and be followed by dancing tonight and a baseball game tomorrow.

Sonoma is to be congratulated upon having so able a chairman as Mrs. J. H. Murray has proven to be and also upon the splendid work of cooperation from every section of the valley, for all have joined to make this day a memorable success.

The ladies of the various localities and organizations participating in the Free Market and Auction have erected the following booths on the Plaza and will open them at 9 a. m. when selling will be inaugurated; Native Daughters - Fruits and Vegetables; M. E. Ladies Aid - Home "Eats"; Eastern Star and Congregational Ladies Aid - Cakes, Bread and Pies; Red Cross - Superfluous Shop, Rummage; Glen Ellen Red Cross - Home Preserves, Jellies, Jams, Canned Fruits etc.; Boyes Springs - Home beautiful Articles Artistic and Practical; Daughters of Pechontas - Country Store; State Home - Hand craft, Embroidery etc.; Rebekahs and White Shell Club - Eggs, Poultry, Dairy Produce; Allies - Grab Bag; Childrens Amusements; High School - Concessions; Grammar School - Soft Drinks; Womans Club - Luncheon and Refreshments; Live Stock on exhibition at Ryan's Stable to be sold at Auction at 2 p. m. Mrs. Eliza Shepard, Auctioneer. The State Home Band will play at the opening of the Market.

Upon arrival of the morning train which will bring the famous Mare Island Naval Band of 22 musicians and several officers, the parade, headed by Grand Marshal Jack Murray assisted by Chief of Police Flohr of Petaluma and officers from neighboring cities will begin. The line of march is to be up Broadway to the Plaza, once around the Square and

up to the City Hall, where it will disband. The order of procession as announced by the committee is as follows; Grand Marshal and Aides, Mare Island Naval Band, Sonoma Red Cross, Native Daughters and Sons, High School Students, Grammar School Pupils, District Schools, Daughters of Pechontas, State Home Band, Boyes Springs, Womans Club, State Home, The Allies, White Shell Club, Live Stock, Community War Council, City Officials, Citizens etc.

The booths will be open all day and will sell all sorts of appetizing eats and a variety of useful and beautiful articles, all contributed and many very handsome contributions too. As one of the ladies expressed it, The White Elephant has everything from a pheasant to a hair switch. A beautiful table donated to the Red Cross by A. W. Adler and to be sold today has been on display at Bates store. There are new and old, practical and artistic things on sale. But why describe them, they must all be seen to be appreciated. Genuine patriotic bargain day is today. Do all your buying with the Red Cross ladies. They have a complete stock in many lines. Boyes Springs has wonderful articles on sale, so has the State Home.

And while the daily receipts are growing we are to be treated to the wonderful music of the U. S. Naval Band from Mare Island which will not only participate in the parade but will entertain the crowds in the afternoon and play tonight for the grand military ball at Union Hall. Too much praise cannot be given Duffy Lewis, that loyal booster, of the valley of the moon and 100 percent patriot, through whose efforts Sonoma was enabled to get the band and the fine baseball match arranged for tomorrow at 1 p. m. at Boyes Ball Park.

The Naval Band and officers will be guests of Mrs. L. Schweitzer at a splendid lunch at the El Dorado Hotel. The sailor boys will be treated

to a fine dinner at night by Sonoma Grove, Mrs. Bianchini being hostess and herself arranging the wonderful Italian menu.

The State Home Band, always welcome here, will be well cared for also. Mrs. Koenig of Boyes Springs has arranged a fine lunch for them at the Union Hotel. The Womans Club and other booths will serve them supper in the evening.

One of the inducements to shoppers living up the valley will be the free jitneys which will convey buyers near the Springs to and from the Market. The Auction at 2 p. m. promises to be a very interesting event, as much fine livestock including cows, calves, pigs, lambs, ponies etc. will be sold to the highest bidders.

The grand military ball will no doubt be the finest affair of its kind ever held here. No such dance music has ever been furnished and ready many notable visitors and politicians have accepted invitations to be present. Union Hall will be the mecca of all dance and music lovers tonight for miles around.

The ball game between the Duffy Lewis invincibles and the quartermasters is told elsewhere in these columns. Boyes Springs will furnish refreshments both for the ball and at the ball game. Hundreds of visitors are coming to the Springs for these events and Manager Klein of Boyes has been a splendid booster and help in many ways. A special train from San Francisco to the ball game tomorrow is a probability.

A bugle call will announce the starting of the parade, 10 minutes before the procession begins. Be ready for it, And now! Altogether for the Red Cross.

### NOTES

Grace Brothers have donated a Holstein calf from the famous Carnation cow herd. It will be auctioned at 2 p. m., and Thos. Harrison has given a thoroughbred registered Duroc cow, bred to one of the London ranch famous bores. It will be auctioned at 2 p. m.

**RUSSELL VS LONG CASE HAS BEEN SUBMITTED**

The suit of Russell vs Long has been submitted on briefs. The plaintiffs declare that some Sonoma property owners are long on making valuations here as ridiculous as possible which is a criticism of some of the witnesses called by the defense to value the Russell property, corner of Spain street and 2nd street East. The case is the outcome of alleged fraud in a trade wherein Mr. and Mrs. Russell declare they got the worst of it. They seek justice in Judge Denny's Court.

Mrs. Ed Gise has been over from Benecia on a visit to Mrs. Henry Bates.

Mr. and Mrs. J. D. Bluxome of Oakland were here for the High school operetta in which their son and daughter took part.

At a mass meeting called by the Mayor, Chas. Dal Poggetto last Monday night at the City Hall, Attorney Frank Sprague and Dal Empan were appointed to interview the Railroad Commission in regard to procedure to protest the petition of the California Telephone and Light Company to raise their rates 30 percent.

The appointees went to San Francisco Wednesday and secured all necessary information to enable the Sonoma Valley patrons of the Company to fight the asked for advance on their electric light bills.

There is much feeling here in regard to the proposed increase. A full account of this event will appear in these columns next week.

## GRAMMAR SCHOOL'S NOTABLE AFFAIR

Entertainment Replete With Clever Numbers By Talented Pupils.

The Grammar School auditorium filled to overflowing last Friday and Saturday nights proved the popularity of entertainments by the talented pupils of that school. The crowds were well pleased and again complimented the exceptional program offered.

Part one of the program showed the aptitude of the younger pupils for singing, drills and recitation.

The Primary song, "Cook-a-doo-doo," registered a big hit as the tiny tots flopped their arms a la Chanticleer.

The flag Drill was put on by many pretty girls who went through the intricate maneuvers splendidly.

The operetta, "Polished Pebbles," was a delightful offering, tuneful, brimful of fun and color. The costuming was excellent and added greatly to the success of the production.

John Steiner who has a fine voice made an appealing "Uncle Bob."

Geraldine Evans was a pretty and handsome Mrs. O'Brien.

Gertrude Johanssen was a sweet, naughty Rosalie, her pink sun-bonnet being particularly becoming.

Irma Adler and Herschel Whitmore were chic daughters of the haughty Mrs. O'Brien.

The comedy role of Mrs. Gable was a decided hit and played by Allene Poulson whose acting and make-up would have been a credit to many professionals.

Kenyon Gilbert was a comical and interesting Mr. Gable.

Zolita Clerici's piquant beauty and Donald Prestwood's quick wit made the parts of Martha and Nick very clever ones and their duets were much applauded.

The choruses were all well trained and the performance went through so smoothly that it was in every way a credit to those talented young performers. Roy Pauli and Mrs. Julius Fochetti, violin and piano, played the orchestra parts with style and spirit.

An added entertainment was the graceful Highland Fling in Scotch costume by Miss Anita Camp.

A handsome sum was realized Saturday night for the Red Cross.

Mr. and Mrs. L. Anderson of Vineburg have the sympathy of many friends in the loss of their 4 months old baby which was laid to rest this week.

Dr. I. C. Gobar reports a fine time at the Grand Parlor meeting of N. S. G. W. at Truckee.

Tony Nuffer, accused of purchasing liquor for minors, was released on \$100 cash bail. His case will come up shortly. He is alleged to have bought liquor for some minors with money given him by the youths.

Mrs. C. Olin (nee Nancy Bates) was robbed of valuable jewelry recently while absent from her apartment in San Francisco.

## Make It Your Business To Speed Up Our Industries

THE SPEEDING up of American industries in the midst of these pressing days of war activities, is dependent upon the interest evinced by every person able to work in a community. In a community such as Sonoma where farm and factory are crying out for help and where the cry is to be more insistent as the season progresses, it behooves everyone to see that their time is spent in useful pursuits. Go to work and at something which will help the government carry on the war. The sweat from a real worker's brow these days is not only honest sweat, but it is praiseworthy sweat. The man or woman who formerly did not feel it necessary to work and has gone to work is to be commended. Those who make a bluff of having an occupation, will soon come to the end of their rope and as to the opinion their fellow citizens have of them, well, the least said, the better. They are looked on as pretty despicable in comparison with the man who harvests a crop, helps in the fruit, cuts out an army glove or ministers to his fellow men's well-being. The same applies to the butterfly type of women who sails around in high heel shoes or lolls around with a lap dog or a camouflage of fashionable knitting. The day of bluff has been called.

WHEN WE CONSIDER the growing importance of the public school teacher in the building of American citizenship and the tremendous import of the work done in the formative period, we must realize not only the justice of the teacher's plea for better pay but the importance of making the compensation sufficient to interest real high grade men and women. No other task is fraught with such import as that of the teacher who takes boys and girls from the homes of our families from foreign shores and instills in them the high principles of American democracy. It is high strung, nervous work, this contact with various temperaments and the attuning of hearts and minds to the high ideals which the United States would inculcate in its citizens. Teachers pay has not risen in proportion to other things, but now is the time when a just public opinion will begin to voice its sentiment in the interest of those who train our young Americans.

## REGISTER BABIES NATIONAL CALL!

Sonoma Takes Up Work Under Mrs. Ralph Hotz Who Announces Dates For Registration and Inspection.

Sonoma is to do its part in the national campaign to promote the health and welfare of the babies of the United States. Mrs. Ralph Hotz has been put in charge of the work here and has interested all of our physicians, several nurses and many other lovers of the little folks, so that on June 27 to 29, at the Woman's Clubhouse we are to have a real health center registration. Children up to six years of age are to be registered. Fill in the attached coupon and you will be welcome to all the government can do for you through the local department of this great work of child conservation. The hours on Thursday and Friday, June 27 and 28 will be 10 to 12 a. m. On Saturday the hours will be 3 to 5 p. m. In San Francisco, the test was conducted something like this; "To the hospital or center named the child is taken. He is stripped, weighed, measured, and accurate data as to name and residence written on cards which eventually went to the health department. Then a white garbed doctor took the child in hand examined him as to teeth, tonsils, adenoids, general functional health and eyes. He then was given a certificate which outlined his general condition to the health department. "Your baby is a little underweight for his age. Feed him more vegetables and milk and not so much meat or eggs," was told a woman with a tall, slender child who had applied at the Children's Hospital. Or "He does not have enough liquid food. Too much solid food does not agree with him, or watch those tonsils and if they begin to swell, have them out at once," or "Keep her out of doors as much as possible," were some of the admonitions heard as doctors turned the babies over to their mothers. All the world loves a baby, and all the world has come to realize that unless babies are more carefully conserved, there will be a slump in the next census, for the facilities incident to the war will deplete the race more rapidly than the birth rate can overcome. That is why the national government is taking a working interest in child conservation. By securing a systematic and uniform record of the height and weight of children at given ages, the children year committee can formulate their report upon general well-being.

ENTERPRISE HAD BENEFIT  
Misses Fenton and Eileen Cowan of Enterprise School district had a most successful entertainment at the school house recently for the Red Cross. While there are only a handful of school children, the proceeds were \$58.

Mrs. M. Norrbom of Broadway has returned from San Francisco where she spent Decoration Day holiday and made a week's visit. "Pop" Hibbard, one of Sonoma's civil war veterans who has been at Yountville has returned to permanently make his home here.

## NEW HEAD FOR HIGH SCHOOL

Jackson Man To Succeed Prof. M. H. Rowell, Resigned.

L. H. Golton of Jackson, Amador county is to succeed M. H. Rowell, resigned, as head of the Sonoma Valley High School. The new principal comes highly recommended. He is a University of Nevada graduate with degrees from Harvard University. Mr. Golton is 33 years of age and has a wife and child.

Mr. Rowell goes to Martinez where he has accepted the principalship of the Martinez High School. He has been the principal of the local High School for several years and was the originator here of the agricultural work and school fairs which brought the Sonoma High School so much favorable commendation all over the State and led finally to a regular instructor for our agricultural courses. Mr. and Mrs. Rowell have made many friends during their residence here and have been very active in church and fraternal circles, both being exceptionally fine musicians. Sonoma's loss is Martinez's gain.

## DEADLY SHRAPNEL.

Good "Man Killers," but Their Effectiveness is Limited.

Shrapnel, so called after its inventor, the British General Shrapnel, are thin cases of tough steel containing a large number of bullets—in the British armory 263 and in the French and German 300—with a small bursting charge at the base of the projectile. The bursting charge breaks the thin steel case, when the bullets sweep forward with the velocity imparted to the projectile by the gun. Shrapnel are regarded as good "man killers," but they are quite ineffective against buildings, where shells are deadly. For the attack of field guns and buildings and for action against troops in trenches most armies employ howitzers, which are short, squat guns that toss their projectiles high in the air, high angle fire.

In the British army every division has fifty four field guns and eighteen howitzers. These howitzers are of 4.5 inch caliber, firing a shell 4.5 inch in diameter and weighing thirty-five pounds. They have a range of 7,200 yards, which is 1,000 yards greater than the range of the British field gun. The defect of the howitzer is that its shell is very heavy, and consequently much fewer rounds can be carried than with the field gun. There is no security that a single howitzer shell will do twice the damage of an ordinary field gun shell, though it weighs twice as much.

The French do not employ a howitzer in their field artillery. The Germans use a heavy pattern of six inch caliber, firing a shell of about ninety pounds, and a lighter pattern of 4.2 inch caliber. New York Sun.

## OSCAR STUDLEY IS IN ENGLAND

Oscar Studley of the Aero Repair Squadron of the American Air Service is at present in England and writes interestingly to his folks here. He says that he has talked to many English soldiers who have been engaged in trench fighting and they tell very much the same story as Lieutenant Carter did here. Studley is taking a course of instruction in setting up engines. He says the names of the parts in England are different than what we call them here, for instance a wrist pin they call a gudgeon pin. He says the airplanes are so thick they no longer take notice of them. English weather is getting warm but is very changeable. The apple trees there are in full bloom.

## TRAVELERS RETURN FROM THE SOUTH

The party consisting of Mrs. Cal-leund, her daughter Louise, Miss Matilda Baccala and Miss Eleanor Wrench who have been spending the past month in Southern California, returned home Tuesday evening. They report an interesting and pleasant trip, going down on the steamer and returning by rail they enjoyed every bit of the journey both there and enroute.

At Camp Kearney and Balboa Park they met many friends among the enlisted soldiers and sailors. Among the young men they met were Phil Zeiro who has been transferred to the machine gun squadron, Barney Cohen, Maurice Tracie, Paul Thomson, Wm. Craib and others. They traveled to all points of interest and attended several fine balls while away. While admiring the South, all were impressed with the natural advantages of Sonoma Valley and they found many tourists who knew of the "Valley of the Moon".

Fighting East With Dust. About the hottest problem is found in coal mines, where dangerous dust is produced by the ton every day and scattered over miles of roadway and workings. The removal of which by vacuum or other means is next to impossible.

The best preventive found thus far seems to be that of fighting dust with dust. Sprinkling has been tried to keep the air free from inflammable dust mixture. Salt has been scattered over the floors to gather moisture and prevent dust from rising. The dust has been cleared from parts of the mine to form barriers, over which the flame from a dust explosion is not likely to pass. Now, however, the best results seem to come from the scattering of stone and clay dust over the coal dust throughout the mine. This makes the coal dust nonexplosive and sections treated with the noninflammable dusts form better barriers against an explosion than the old dustless barriers. Saturday Evening Post.

## How Would You Get Rid Of Miles of Barbed Wire?

One of the Many Problems the Red Cross Has to Meet.

Have you ever thought what strange and baffling problems must come up at the Red Cross workers when they start out to rebuild a French town—just the problem of the barbed wire, for instance? This letter tells it: "We have nearly every day about half a dozen German prisoners working amongst us, who are escorted in to work in the morning by a police and called for in the evening. They appear quite harmless, but we have too many evidences all around us to prove that their race is quite to the contrary. "You should see the barbed wire—miles and miles of it. How any one could ever get through it, let alone under fire, is beyond me. It's usually coiled and stretched around iron stakes or crosses about four feet long, and the whole thing makes a waist high mass sometimes 15 or 20 feet wide. There are really acres of it around here, and when you think how many strips of it there are, stretching from Belgium to Switzerland—why, it's going to be a real problem after the war to get it all up and out of the way. I bet a lot of people walk into it through the snow this winter. "We came across unexploded shells now and then and hand grenades of various shapes and sizes also; but, believe me, we leave them alone. There are four on the wall in our back yard and several in a field near by."

## SALARIES OF SINGERS.

Present Day Stars Would Laugh at These Old Time Payments.

In the good old days of 200 years ago or so singers and actors gave the world their greatest efforts for what was undoubtedly considered excellent remuneration, but what in these enlightened times of high priced voices and talents would seem to be pitifully small. And who shall say the performers of the past were not fully as capable as the pampered drillings of the present?

The highest salary paid went to Chasse, who received 3,000 livres, or \$800, a year as her fixed salary, 1,000 livres extra for perquisites, 1,200 livres for Easter and 200 for bread, wine and boots, in those days an extraordinary allowance.

Mlle Auelier, the first soprano of her day, was a close second, with 4,800 francs, or nearly \$1,000, a year. Today a prima donna receives more than that for a single evening. In a year "La Camargo," the most beautiful woman of her day, received in francs what many of the lesser singers of today receive in a week in dollars—2,700 francs. Louis XIV and the reputation of being a most generous manager and dramatic agent, since he granted 200 livres (about \$40) for the first ten performances and about 100 livres for the following. The deviser of the ballet received 120 livres for the first six performances and sixty for later ones. Argonaut.

## RING OF THE FISHERMAN.

Used by the Popes to Seal Documents of the Holy See.

The ring of the fisherman used by the pope exclusively to seal documents of the holy see shows an engraved figure of St. Peter. The first bishop of Rome, standing in a boat and flinging with two hands a net into the sea.

In 1808, when the French occupied the city of Rome, Pius VII, then pope, was ordered by General Bonaparte to surrender the fisherman's ring. The pontiff refused. He feared that by means of the sanction of the ring the French government would be enabled to issue dangerous documents.

When finally forced to surrender it the pope altered the engraving of the ring with the view of making it use less to his enemies. This seal thus defaced was forwarded to Paris by the French general in command at Rome. Pius VII in the absence of the fisherman's ring, made use of an iron seal engraved with the figures of Sts. Peter and Paul and inscribed with the words, "Pro Annun Pisces" (in lieu of the fisherman's ring).

The fisherman's ring was kept in Paris until Napoleon I was overthrown, when it was returned to the sovereign pontiff. The ring is used only to seal briefs, the bulls, more important documents, are stamped with the leaden seal of the ancient parchments. Indianapolis News.

No Difference. Personally, we never attached to wedding and engagement news the importance in which it is held by society reporters. And we incline to believe both to be purely private matters in which the wishes of the persons involved should be paramount. But a girl might as well print the news of her engagement as to tell it to her best friend. Topeka Capital.

Brain of the Gorilla. The gorilla is in stature about the same as man, but is far behind him when it comes to the contents of the brain pan. The greatest capacity of the gorilla's brain is only 34 1/2 cubic inches, the least 23, as against 62 in the least capacious human skull and 114 in the greatest.

Art in the Soup. The artist's wife leaned over and looked at her husband's soup after she had handed it to him. "Oh," she cried, "look at the scroll the fat has made in your soup. Isn't it artistic? Don't eat it. It is so beautiful!"—Exchange.

More's the Pity. Patience—it takes two to make a quarrel, you know. Patience—And yet I have known quarrels to occur when two persons have been made one. Yonkers Statesman.

Enough Said. "Why do you carry that mortgage on your home?" asked the old fogey. "Because I can't lift it," replied the grouch. Cincinnati Enquirer.

It Usually Does. When a man and a woman discuss the subject of matrimony one seldom gets the better of the other. It usually results in a tie. Lippincott's.

## THE RED CROSS.

Its Real Origin Dates to Napoleon's Italian Campaign of 1859.

The Red Cross owes its real origin to the great and terrible campaign of 1859, when Napoleon made it his boast that he would free Italy "from the Alps to the Adriatic." At the great battle of Magenta 10,000 Austrians and some 5,000 French soldiers were left dead and dying on the fields.

A Swiss gentleman named M. Henri Dunant, made a pilgrimage to that battlefield and was an involuntary eyewitness of the awful carnage of the battle of Solferino, a battle which lasted some sixteen hours and left some 30,000 dead and wounded. Henri Dunant realized that the medical service of what was probably the greatest army in the world was absolutely inadequate to cope with the casualties, and he was at once compelled to take some action to rectify the matter.

The result was that he wrote a small book for private circulation, entitled "Un Souvenir de Solferino," and this, with his private appeal, resulted in Napoleon III, commanding Dunant to his presence, where, with the great Marshal MacMahon, they seriously talked matters over.

The result of this was a conference of the powers, called together by the Swiss federal government, at which Henri Dunant placed his proposals. Out of this Geneva conference of 1864 resulted the Geneva convention, under which all medical supplies and personnel in war time are protected.

The position held by Henry Weber Jr. at the Sonoma Valley Bank is to be filled by Archie Revie when Heine goes to war.

## ANOTHER BUSINESS CHANGE ON ACCOUNT OF WAR

The Sonoma Valley French Bakery of which "Brandy" Gianechini has been the popular and successful proprietor for several years, has been sold to John Decanini and Fred John who will run the business in the future. Mr. Gianechini has been drawn in the draft and will probably be baking bread for soldiers before long.

Dame rumor has persistently whispered the engagement of another of Santa Rosa's society girls and with the formal announcement which was made this week, friends were told that Miss Clara Leverage King will be the bride of Dr. Weston Reid Anderson, Lieutenant in the Dental Reserve Corps, N. A., now stationed at Camp Lewis. Dainty little cards bearing this message were received through the mail Saturday by friends of Miss King who took this simple way of telling the news, it being her wish to avoid any social function during the war.

Wm. Venton has been ordered to Texas from Mare Island.

Mr. and Mrs. Ruiz and family will leave for Santa Barbara next week.

Mr. and Mrs. Coleman are nicely settled in the former Leiser cottage which they purchased. The Leiser's have taken the Glaister house.

Miss M. Jones of the High School faculty is to spend her vacation at Navarro, Mendocino county.

Mr. and Mrs. Chas. La Torres are to join the ranks of motorists in Sonoma valley. They have purchased a Velie car.

## ALIEN WOMEN MUST REGISTER HERE

The registration order applies to female subjects of the German empire who are 14 years of age or over. Subjects of the Austro-Hungarian Empire are not required to register. Defining those required to register, and those exempted, the order declares that a female born in the United States, irrespective of the citizenship of her parents, is an American citizen, unless she has taken an oath of allegiance to Germany or has married a subject of Germany and is still his wife.

In the event of absolute divorce or widowhood, a woman in this classification must have resumed her citizenship or she is required to register.

**U. S. Citizenship Defined**  
The naturalization of a male alien as a citizen of the United States before April 6, 1917, has naturalized as American citizens, his wife and minor children, if foreign born. A German woman who has married an American citizen prior to April 6, 1917, is an American citizen.

The marriage of a German widow to an American citizen before April 6, 1917, has naturalized those of her foreign-born children who are residing permanently in the United States at the time of the marriage.

Females born in or residing in Alsace-Lorraine since May 10, 1871, or in Schleswig-Holstein since August 23, 1866, now residing in the United States are required to register.

Dame rumor declares one of Sonoma valley's most eligible bachelors, long believed immune from Cupid is to wed a charming widow.

### ARMY VS NAVY GAME SUNDAY

Duffy Lewis Nine To Play Quartermasters From Presidio At Boyes Springs Park Tomorrow.

Duffy Lewis has been doing magnificent work for the Sonoma Red Cross benefit and in addition to arranging for the coming of the Mare Island Naval Band, he has secured the Quartermasters of the Army from San Francisco cantonment to play his crack team from the Navy town at Boyes Ball Park tomorrow at 1 p. m. sharp. The famous band will play and the soft drink and other pacifiers sold of the grounds will be turned over to the local chapter of Red Cross by the Boyes Springs folks.

The gate receipts should break all records, for this will be a base ball game worth coming a long ways to see. Says the Bulletin in regard to the contest:  
"A game that is attracting a great deal of attention in service circles is the one between sailor boys of Mare Island and the quartermasters from San Francisco. The game is scheduled for next Sunday at Boyes Springs and is being played for the benefit of the Sonoma chapter of the Red Cross.

The Q. M.'s will have Del Crespi on the mound to oppose the rapidly becoming champ of the navy, Earl Hamilton. Rowdy Elliot will work behind the bat with Hamilton.

Duffy Lewis has determined to send his strongest lineup into the fray. The sailors will have to bring home the bacon as the commandant is going to be a spectator and no commandant wants to see his men go down to defeat before "mere" army players. That there is a naval adjective.

The quartermasters on their side say that there is nothing to the game, that it is all placed away on the ice." With all due respect to the visitors, let Sonoma turn out and root for their friend, Duffy Lewis and his team.

Miss Eileen Cowan has been down from Bennett Valley.

Mrs. Rudolph Wagner who was here recently on a visit to her husband's parents is to spend the summer at the Yosemite.

Mrs. B. F. Cole has gone to Ohio to visit her mother.

Jim Kehoe of San Francisco was greeting old friends here Saturday.

Mr. and Mrs. Steve Akers were over Sunday from Petaluma with their two bright children.

Rev. C. C. Champlain was in town Saturday. It is said that he will return and take up ranching on the old homestead.

The Ladies Aid of the M. E. Church will be entertained by Mrs. Barr at her home in the Snyder tract east of Sonoma on Thursday, June 20. As this is the first time Mrs. Barr has entertained the Aid, it is hoped there will be an extra good attendance, so everybody come and bring your friends.

## BOYES SPRINGS NOTES

The ladies of the Boyes Springs branch of the Sonoma Valley Red Cross have done some wonderful work in soliciting and getting contributions of all kinds for the Red Cross Auction in Sonoma June 15th. They have received many valuable and handsome gifts for on Auction day at Sonoma, Boyes Springs will be well represented in the parade, in fact it is the intention of the ladies to make the Boyes Springs delegation one of the features of the parade.

Much credit is due the ladies of Boyes, and particularly Mrs. E. Koenig who has charge of the district and Mrs. E. L. Parramore for their untiring efforts in getting donations for this good cause. They worked hard canvassing the district allotted to them. For bargains on Saturday, come to the "Home Beautiful", the Boyes Springs booth and you will be well repaid for your trouble.

The "Mayor" of Boyes Springs will be in the parade on Saturday. Mayor's may come and Mayor's may go but our Mayor goes on forever. Hats off to our Mayor on Saturday. He will be there all spick and span, don't overlook him on this occasion as the Mayor seldom goes out on dress parade.

Mrs. Osborn of San Francisco is the guest of Mrs. S. H. Whiting this week at "Rocky Haven". A great many of the mothers and wives of the "Boys over there" will be among the Boyes Springs representatives in Saturday's parade at Sonoma City.

Boyes Springs fire department will also be in line on Saturday and our little "Red Devil" will be there with "Bells". The little "Red Devil" was called upon Wednesday at 11:30 a. m. to put out a grass fire in Boyes Springs Park, got there within five minutes from the time the department was notified and the "fire out" call was announced within ten minutes from the time the chemical started to work. "Going some", is it not?

For the benefit of those who do not know, it will be well to state at this time that it is against the law for any person to burn brush or dry grass or any rubbish without authority from some official in your district. If permission is granted, the official must see to it that all caution is taken to safeguard against the spreading of fire. It is a misdemeanor to start any fire without first getting permission.

The committee on fire protection of the B. S. I. C. will start to burn up all dry grass in Woodleaf, Boyes Springs Park and Sonoma Highlands next Monday morning at 7 o'clock. It is requested that all property owners clear all dry grass and rubbish within six feet of their houses of fence as it will be of great importance and will lessen the danger of the fire spreading. Citizens take

notice. It is also requested that all male citizens of Boyes and vicinity report at the engine house on Monday at 7 a. m. to assist in cleaning up the district from dry grass etc. Gentlemen it is a duty that you owe to your families, your neighbors and to yourself. Kindly report Monday June 17th 7 a. m. at Boyes engine house. This has to be done in the morning before the wind starts to blow.

Allen Stewart Sygne, a former and well known resident of Boyes Springs is now First Lieutenant of the Royal Flying Corps of England. Mrs. Sygne is now stationed at Henley, England After the war he will return to Boyes Springs to reside. Miss Marguerite Giles of London, England was the guest of Mrs. and Miss Carson last week. Miss Giles is completely infatuated with our climate and the "Valley of the Moon". She informed the Carsons that she would return in the near future and make this beautiful valley her home. There will be two big days at Boyes Springs, Saturday and Sunday, June 29, and 30, this being the dates set for the benefit of Boyes fire department. Watch for the posters, they will tell you all about it.

Charles Stewart, a New York business man of note, has returned to Boyes Springs for a short visit. Mr. Stewart was here about six months ago. The pleasant memories of his former visit has brought him back. Welcome Mr. Stewart.

Crowded houses greet the movies and dance every night at Boyes Springs. It is the best place in the valley to bring your family, being strictly up-to-date and conducted in first class style.

Mr. and Mrs. Jack Kelly have bought the Canepa home and will now reside permanently at the Springs. Mr. Kelly has fully recovered from injuries received in an auto accident some months ago. Jack looks like a real "Papa" now, especially when carrying the little boy.

Our "Lumber King" is practicing pitching (lumber) every day and Jim Baines is practicing receiving (first payments on lots) every day. Both of these gents are doing this for the coming ball game. They are to be the battery on June 30th.

Mr. Fred "Dad" Dahnen, wife and son are guests at Boyes Springs. Mr. Dahnen has been a victim of rheumatism and has tried most of the health resorts in America and makes an open statement that there is no equal to Boyes Springs for rheumatic cure. "Dad" had to be carried from his auto to the cottage and in less than a week he is walking around, all of which speaks wonders for Boyes Springs. Mr. Dahnen is of the firm of Turner and Dahnen of moving picture house fame.

## GOT SIX MONTHS IN THE COUNTY JAIL

After hearing the evidence against John Maley, accused of lascivious conduct, Judge Justi sentenced defendant to six months in the county jail on Tuesday.

Many children, several men and two prominent ladies, one a nurse, testified as to the conduct of the man.

Sergeant Robert Johanson of Camp Grant has been home on a visit to his mother and sister at the Snyder tract. He returned to Illinois after a ten day's furlough.

Bruce Painter has been elected Principal of the Petaluma High School.

Mr. and Mrs. Harry Lutgens have a new baby girl.

The Harrison baby at the London ranch has been very ill and under the care of Dr. Gobar.

Miss May Thompson will entertain the Flying Needles, June 19th.

Mrs. L. Breitenbach attended the funeral of her brother, John Fick, Sunday. Mrs. Gertrude Groskopf, his niece, visited him at the hospital before he passed away.

Mrs. Mary Rubke went to San Francisco Friday to visit with her daughter Florence, who has just been operated upon. She is getting along nicely.

## VINEBURG

Miss Dorothy Harboe was a week end visitor with her mother in Vineburg.

Miss Ethel Potter visited at the Chas. Cutter home this week.

Mr. and Mrs. L. Anderson of Vineburg had the misfortune of losing their little, three months' old baby girl. The child was sick for about three weeks. The funeral took place Saturday and interment was in the Catholic cemetery.

Mr. D. Rubke and daughter Helen, visited at the Grover Rubke home last Sunday.

Mrs. Jake Schumacher has returned home after a two weeks visit with her mother.

A. B. Brandt went to San Francisco Monday on a business trip.

T. E. Cone came over from Vallejo Saturday night and returned Sunday.

Vineburg was some lively place last Sunday as many of the people on the Napa side came over this way and autos were parked in peaceful Vineburg.

On Sunday last a reunion was held at the romantic residence of Mr. and Mrs. Adolph Rubke, Bella Vista, on the Napa road. The guests were Mr. and Mrs. William Reigelheuth and children, Messrs R. Rubke and F. Lynn, Misses Nelson and Helen Rubke and Mrs. Holley.

### Ferocious Looking Sikhs.

Did you ever see a Sikh in uniform? No? Whatever of fierceness your childhood fancy painted upon the face of a soldier, the Sikh has it. Other soldiers may be as brave or may fight more tenaciously or die more willingly, but for simple fierceness of personal appearance all medals go to the Sikh.

A Sikh—and I've seen many regiments of them on their native heath—is a tall man with black hair and a long black beard. The beard is what makes him look so fierce, because he plaits it into two thick braids and draws these back of his ears, where they are tied.

If you think that doesn't make a soldier look fierce, you make a sad error, which one glance at him would correct.

The Sikhs are Hindus, and so strict are their religious beliefs that all the food they eat must be especially prepared according to their own rites.—Girard in Philadelphia Ledger

### Very Awkward.

Two Frenchmen, one an artist and the other a subeditor, fought a duel. The combatants faced each other with grim determination, both being confident of victory.

After much parleying the subeditor managed to get in an overwhelming cut, which severed the artist's nose. The wounded man dropped his sword with a groan, but in falling had the misfortune to fall across the big toe of his right foot, cutting it clean off. After this interesting state of affairs he was rendered hors du combat.

The doctors rushed up to replace the pieces, but in doing so they made the fatal mistake of putting the toe on the artist's face and his nose where the toe should have been, and ever since the accident when the unfortunate fellow wanted to sneeze he has been obliged to take off his boot.—Strun Magazine

## LETTER FROM SONOMA VALLEY BOY TO HIS FRIEND "EASY JIM"

Charlotte, North Carolina, June 7th, 1918.

Dear James,

Well James as I have nothing to do
